7 THE GOAL BOX

The goal box is directly in front of the goal. No player may touch the ball within the goal box; however, any player may move through the goal box. Any part of the ball or player's body on the line is considered in the goal box; the player is an extension of the box.

The box rule is only invoked if a player touches the ball when either any part of the player or the ball is in the box. The box area extends upward from the lines. Touching the ball in the air above the box is a violation.

If a defender touches the ball in the goal box, a goal is awarded to the offensive team. If the defender OR the ball is in the box and contact is made, a goal is awarded. If an offensive player touches the ball within the goal box, a goal kick is awarded to the defensive team. If the ball comes to a complete stop in the goal box, regardless of which team touched it last, a goal kick is awarded to the defensive team.
